

COAST GRACE MINISTRY PROJECTS ON PROGRESS - SEPTEMBER

Mombasa, Kenya, East Africa

We have reason to praise and thank God for what He has done. The project of buying a piece of land for Coast Grace Center through TCM was completed. We finished payment and have the ownership document. Recently we fenced the plot. Now we are raising funds to build a Bible school, Chapel, BGSM Library and Coast Regional Office. We express our thanks to God for all our friends who jointly raised funds that were able to purchase this property which will serve as the base for spreading the gospel of the grace of God in Coastal Region of Kenya and beyond. Thank you for supporting the Lord's work. This is a great achievement.

Beloved Ministry Partners,

Continue praying as we continue to pray for more funds to start building. As I have mentioned above, our plan is to progressively put up the structures as the Lord provides. We have started raising funds gradually so that by **April 2015** we shall have a main fund raising drive to enable us to put up the first building by **June 2015**. It will serve as multi-purpose, that is to say, Bible School and place of worship for the time being.

Fencing the land in Mikindari

Highlights

- BIBLE SCHOOL
- CHAPEL
- LIBRARY
- REGIONAL OFFICE

Ben and Joyce Anderson during Africa Safari 2012 surveyed with us some potential sites in Mombasa (file picture at www.tcmusa/projects). They prayed by faith that the Lord would provide and supply funds for a good piece of property. We have witnessed God's faithfulness in answer to prayer. Together with all those who prayed and partnered with us for this need, may all be blessed and let the Lord receive all honor and glory.

We thank God that during Africa Safari 2014, Kevin and Ann Dickey visited us in Mombasa. They taught BGSM students, facilitated a very successful Family Seminar and preached during Sunday service at Mombasa GBC, Mikindani. They also visited and ministered at Oasis of Love GBC and Midian GBC. They were able to see our piece of property being fenced. Finally, they visited Ufanisi Nursery School where the Lord provided about 10 acres of land through donation. Surely it was a wonderful moment.

Sincerely in Christ,

Pastor Peter
