Verse and Sveinn

### A BATTLE IS NOT WON WITHOUT ENGAGEMENT!

Dear Mission Partner,

Greetings to you from TCM Missionaries to Taiwan in the mighty name of Jesus Christ, our Lord and Savior. We hope all is well with you and your loved ones after all that have happened in the first half of this year. Glory to God for He has seen us through; even to enter the second half of 2020. It has been a tough time for all of us, especially due to COVID-19.

#### NO COMMITMENT, NO CONQUEST

Unlike in other places and countries, here there is no safety net. If you fall, you fall hard. Thankful for the generosity of God's people and TCM CARES.

#### ONLINE SERVICES

We are in a red zone. Businesses, churches, and some travel have been shut down. Despite the situation we are experiencing extremely positive results under the circumstances. Although we are not allowed to gather for services, we are able to meet for every Sunday Worship Service and Prayer Meeting via ZOOM and GOOGLE MEET. This has been happening with many of our churches. Shirley, Verse, and Sveinn are doing amazing things for kids' Sunday school lessons. Sunday after Sunday they send video lessons to four churches for their Sunday online services. Vincent preaches and teaches online services and was able to counsel OFW's (Overseas Filipino Workers), families, pastors and leaders. We praise the Lord that people see the need to be faithful even though times are tough. Praise the Lord!

#### THE PROGRESS OF THE WORK

There are so many things we have experienced this year so far. We have had good and tough times, but all in all, God is faithful and has good thoughts toward us. He loves us more than we think. We appreciate meeting and hearing words of encouragement from our TCM International Director Pastor Ben Anderson and Missionary Care Coordinator Ma'am Joyce Anderson, and receiving enrichment training to be used in mission field.

#### THE UNFINISHED WORK

We now have 6 tables done partly and still praying and looking for funds to complete 14 tables for the students who are in need for online classes. Many of our people were left with no income for basic needs. Thank you, partner, for your prayers and contributions.

#### THE ROUGH PART

We are still waiting for the Special Order (S.O.) from Commission on Higher Education (CHED) needed to acquire missionary visas for Taiwan. Some other required documents we had acquired, such as Medical and NBI clearance, have already expired. Praying and hoping for a positive response.

#### PRAYER REQUESTS

- Please join us in prayers for church in Dasmariñas, Gen. Trias 1 and 2 and Imus. Pastors and church members are struggling economically, even for basic needs due to COVID-19.
- Pray for my S.O. and our visa to come out soon.
- Pray for our son Verse's home schooling needs: laptop for online home schooling system.
- Pray for this virus to clear out.

Thank you again for what you do for missions. May the Lord satisfy you with long life. We are doing what we can to stay engaged and, surprisingly, we are advancing. Staying engaged with us, through prayer and your support is the key to all that we do. What you do does make a difference.

We are praying for you!

Sincerely in Christ Service,  
Vincent & Shirley

What could the 2020+ generation of kids reflect on after the COVID-19 Pandemic? There will be a definite paradigm shift caused by their past months experience. What did the kids in your home experience? Did they see trust in God's provision and protection? Did they experience Christlikeness in attitudes and behaviors at home? Were they grounded more in loving, giving, serving, truth, and Godliness? Consider that when the gospel is believed in the heart of the child, it will keep the child of God in peace and safe in God's promises and plan. This is definitely the main solution in all situations throughout their walk of life on earth. I thank God for His love for the world (John 3:16),

THANK YOU FOR PARTNERING IN THIS MINISTRY TO GET THE GOSPEL TO KIDS.
