

**KENYA:** Pray for **Pastor Peter Kagwi** endeavoring to start a new ministry in Malindi, a city 3 hours up the coast from his home in Mombasa. Peter and a Bible school student visited Malindi in July and were hosted for 2 nights by Mr. & Mrs. Francis Wambua. They spent a full day meeting people in Malindi, including a Muslim fisherman who listened receptively and accepted a salvation booklet. Pray he will read it and come to the Light. They also shared the gospel with 8 business people and 3 accepted Christ! Peter promised to visit them every month and will interact with them through WhatsApp and calls between visits. Ask the Lord to open the door and enable Peter to establish a regular Bible class by June 2023 that can eventually develop into a church.

**INDONESIA** After meeting with leaders **Nelson Godlieb** and **Ray Akay**, International Director **Ben Anderson** is thrilled to report a growing interest in sending missionaries to other countries. They have formed a Ministry and Mission Department, and Ben met a potential missionary for GTCM 2024. Ask the Lord to stoke this fire for mission. Pray also for provision to complete the new building on the STTAM Bible school campus—they have a record 60 students enrolled this year!

**TEAM TIMOR** appreciated a visit from **Ben Anderson** to assess progress, review mission strategies and set goals. Team Timor celebrated the 1st Anniversary of the TCM Association with 100 guests and speeches by **Aaron Arsino** and a Ministry of Justice representative. Pray the Association's agricultural, wellness and livelihood projects will expand their ministry.

**TEAM EAST AFRICA** **Roland & Beverly Improso** are completing their orientation in Kenya and will move to Uganda this month. Pray for a smooth transition, a place to live, a healthy working relationship with **Gardner & Ledith Improso** and the Ugandan leaders, and most of all, God's love for the Ugandan people. Praise the Lord for the registration of **Abounding Grace Church** in Uganda and for provision of a ministry vehicle!

**TEAM CAMBODIA:** **Chetra and Julia (Liles) Hong** are thankful to have completed GTCM (2-month intensive mission training) and have moved to Tagum in southern Philippines where **Chetra** is enrolled in a year of Bible school and **Julia** will teach English and Missions courses. **James & Agape Bermejo** are preparing for several months of Home Assignment so are handing off the leadership

of the Phnom Penh City Central Church to the Cambodians they have trained. Pray these leaders will rise to the challenge. Pray **Bermejos** will be granted visas to visit churches in the USA in September-October. **Jude & Cherry Honculada** are finishing their year of intensive language study. In September they plan to move to another part of Phnom Penh to plant a new church. Pray for provision of a place to live that will double as the church venue.

**TEAM LAOS** Pray earnestly for renewed vision for the whole Team as they "start over" due to set-backs during the pandemic. Pray for **Judy & Faith Bunglo** as they leave their 3 children in college in the Philippines and return to an "empty nest" and ministry in Laos. Pray their daughter, **Rapha**, will adjust well to her first year away from home. Pray fresh enthusiasm for **Juna** as she completes her Home Assignment.

**KILGO:** Pray for **Pat** teaching Theology I and Theology II back-to-back in their MGBI online Bible school. Pray for the 9 students completing their second year of MGBI in December. Pray that at least two of them will eventually become pastors. Rejoice with **Michelle** as she witnesses amazing insight and spiritual growth in the PBC church youth. Pray she can instill as much sound doctrine in them as possible during their weekly youth hour.

**PADAYHAGS** Pray for their continued travels, meetings and visits with family in the Philippines. Pray their South Africa visa applications will be approved in a timely manner. Pray also for smooth continuation of ministries in South Africa.
