## The Pearl of Africa

Dear Partners in Mission,

Greetings in the glorious name of Jesus!

We are delighted to share that August 27th marked the completion of our first year here in Uganda. As first-time missionaries, we are profoundly grateful for how faithfully God has guided us on this remarkable journey. We have witnessed firsthand how God powerfully works in us and among His people.

### Newborn Church

This year, in collaboration with the AGC outreach team, we initiated an outreach program in Entebbe. Despite encountering significant challenges, we successfully launched a regular Sunday fellowship at our newly established place of worship. While modest in size, it can comfortably accommodate between twenty to thirty attendees. It is strategic because it is located by the roadside, near the market place, and it's close to our contacts. Please pray that we'd be able to reach more people with the gospel in this community and identify leaders that we'll train for the ministry.

### Newborn Church Planting Movement

As our team continues its outreach in Entebbe, the leaders and members of Abounding Grace Church have recognized the urgent need to plant more Grace churches across Uganda. In pursuit of this vision, some of them are preparing to become full-time workers for the church within the next two years.

Our Bible classes are equipping them for this purpose. Consequently, we are planning to formalize these Bible classes into a regular Bible School program next year, designed to train workers and church planters for AGC. Please pray for wisdom and strength as we develop the curriculum and organize materials for this initiative.

**Newborn Baby on the Way**

We are thrilled to share that a new addition to Team East Africa is expected this month! Bev is scheduled for a C-section on September 18th, and we are filled with gratitude and awe as God has answered our prayers after 13 years of longing for a child. We kindly request your prayers for a safe delivery and the arrival of a healthy baby.

Reflecting on our one-year journey in Uganda, we are humbled by the incredible experiences we've had. We want to express our heartfelt gratitude for your unwavering prayers and support. We couldn't have made it without you. As we continue our ministry in Uganda, we encourage you to persist in your partnership with us, as we firmly believe that many exciting things are yet to come.

In His Service,

*Roland and Beverly Improso*
